About the Organization

Manjari Foundation, a registered non-profit organization established in May 2015, is committed to help women from marginalized communities overcome social injustice, poverty and exclusion. Manjari support rural women initiative at grass-root level to facilitate empowerment so that they can lead a dignified life. Manjari come up with an effective and easily adaptable Manjari model which is capable of bringing in social and economic changes in adverse conditions.

Manjari's open platform is a result of tireless contribution from professional development workers and capable support from PRADAN, a pioneer in promoting SHGs in India. Manjari have been able to bring hope and joy in the lives of thousands of rural families. Manjari foundation target new milestones with the belief that someone somewhere would make a choice to support our mission and vision and come forward to be a part of the project.

Impacts-

- More than 70,000 families covered through direct intervention.
- More than 7 lacks lives impacted.

Women Institutions Building- its main focus is to empower women from marginalized communities so they live their life with dignity and respect. Its initiatives focus on improving the knowledge, skills, self-esteem and leadership of women from marginalized communities, for their social, communal and economic empowerment. Manjari envision collectives and groups as the driver of change can address the issues of injustice and inequalities widespread in the society. Manjari foundation believes that when women from marginalized communities are organized into collectives, these could bring changes in shared values, beliefs and behavior. Therefore Manjari foundation want to empower women with knowledge and skills to form collectives which would help them occupy their position in the society and enable them to enjoy full citizenship.

Vision-

Empower women from marginalized communities both socially and economically so that they become the catalyst of change, not only in their own lives, but also for their families and the entire community. We visualize shaping up collectives such a way they can become strong and independent enough to bind people together and exert a normative influence on the society.

Mission

Mission is to promote women's institutions to bring in social justice and equality thus leading to rural transformation. We visualize an equitable society which can sustain continuous transformation in human conditions that is happening socially, economically, psychologically, politically and spiritually.
