Internship Report

The internship is carried under Eisai Pharmaceuticals Pvt. Ltd., Eisai Pharmaceuticals is a Japanese based company, took a subsidiary in India. Eisai is having the major covering area of departments, such as Central Nervous System, Multiple Sclerosis and Oncology. Eisai is having a manufacturing plant in Vizag and also having a Research Unit in US and Japan.

Eisai is having more than 165 field force in PAN India. Eisai is having its own culture of “hhc”- Human Health Care.

Having a great working culture, company is known for its value, and integrity.

Eisai Pharmaceuticals India Pvt. Ltd (EIL) represents one of Eisai's integrated Manufacturing and Research complexes fulfilling the company's long held ambition to bring teams from across its business together on one site for the first time i.e. manufacturing of Drug Substances (Active Pharmaceutical Ingredients-APIs).

As the Indian pharmaceutical subsidiary of Tokyo-based Eisai Co., Ltd., our key areas of commercial focus are neurology, oncology and metabolic diseases.

Eisai India product portfolio includes prescription medicines in several therapeutic areas such as central nervous system disorders, metastatic breast cancer, benign prostrate hyperplasia , muscle spasm, vertigo, gastrointestinal disorders, diabetes and peripheral neuropathy.

Eisai India has a dedicated team of well-trained 165 field force across the country under various specialties. Company continuously work with Medical Doctors and the Healthcare professionals in India to ensure that they have updated information on the company products so that they can prescribe the best products for the health care needs of their patients.

Eisai India's integrated Manufacturing and Research complex at Visakhapatnam (Vizag), Andhra Pradesh stimulates knowledge creation between teams – from those who create products through research, to those who produce - by bringing them together on one site with all the necessary support functions.

Eisai India's Vizag facility manufactures Drug Substances (Active Pharmaceutical Ingredients-APIs), Drug Products (Oral solid dosage forms-Tablets) and carries out Developmental Research of Active Pharmaceutical Ingredients (APIs). This facility is registered as a pharmaceutical manufacturer at regulatory agencies viz USFDA, PMDA, MHRA and WHO. Research labs at Vizag facility are recognized by the Department of scientific and industrial research (DSIR).

Eisai Global- Not only in India, Company works in US, JAPAN, ASIA, EUROPE, OCEANIA , having its own headquarter.

Eisai Partners- Eisai believes that partnerships are an extremely effective means of improving business efficiency and productivity. While we engage in a diverse array of collaboration models, such partnerships can be broadly divided into “Partnerships aimed at creating innovation in therapeutic areas of focus”, “Partnerships aimed at building new business models” and “Partnerships aimed at expanding access to medicines.” Eisai will continue to make effective use of partnerships to promptly maximize contributions to patients.

Arena Pharmaceuticals, Merck, Pfizer are the important partners of Eisai.

Eisai specialty- Eisai believes in Knowledge, Customer relationship management, good employee relationship, sustainability.
