HLFPPT

Introduction

Hindustan Latex Family Planning Promotion Trust (HLFPPT) is a national not-for-profit health services organisation, working on the entire spectrum of RMNCH+A (Reproductive, Maternal, Newborn, Child & Adolescent Healthcare), HIV Prevention & Control and Primary Healthcare.

HLFPPT is promoted by HLL Lifecare Ltd (a Mini Ratna PSU under the Ministry of Health & Family Welfare, GoI). It was founded in 1992 and is registered under the Travancore-Cochin Literary, Scientific and Charitable Societies Registration Act, 1955.

For the last 25 years, we have been serving communities across India with health solutions and contributing towards Health System Strengthening through direct programme implementations, technical assistance and capacity building. Today, HLFPPT has emerged as India's leading organisation in Reproductive & Child Healthcare and a pioneer in promoting public health through Social Marketing & Social Franchising strategies.

We work through 'Lifecycle Approach', offering healthcare through all stages of life, with a keen focus on bringing every individual under the continuum of care HLFPPT actively contributes towards the goals of the National Health Mission, NACP, FP 2020, UHC, MDGs and now, SDGs.

Owing to our diverse technical experience and proven track record of impact-driven and scalable interventions, HLFPPT is a chosen collaborator for designing, implementation and evaluation of programmes for the Government, several National & Global Development Agencies as well as top PSEs and corporate for CSR, including Fortune India 500 Companies. We have been promoting Primary Healthcare to underserved communities and remote regions through several CSR Partnerships.

We have a dedicated team of experienced professionals in the fields of Social Marketing, Social Franchising, Capacity Building, Community Development, Public Health, Programme

Management, Branding and Product Development, Research, Behavior Change Communication, Monitoring & Evaluation, Hospital Management and Skill Development in the Health Sector.

At HLPPT, we strongly believe that a healthy mother is the essence of blissful families and prosperous communities

Most of our endeavours can be categorised under the broader theme of Reproductive and Child Healthcare. In our relentless pursuit of bringing every individual under the ambit of care, we work on a wide area of issues such as HIV Prevention and Control, Family Planning, Maternal and Child Health and Adolescent Health.

We make consistent efforts to bridge the gap of affordability and accessibility by delivering innovative and affordable solutions at both the demand as well as the supply side of the public healthcare spectrum.

Through our strategic partnerships with the central and state governments, government-based organisations, INGOs, international funding agencies and local communities, we are contributing towards the nation's global commitments towards FP2020, Sustainable Development Goals, Universal Health Coverage, etc.

Our endeavour is to reach out to the 'last mile' and take healthcare solutions at the doorstep of the remotest parts of the country. In this we see immense scope to align with the corporate sector under their Corporate Social Responsibility. In fact, we are emerging as a trusted partner, providing end-to-end CSR solutions to leading companies such as Cairn India, Essar Group, Suzlon Energy Ltd, Jindal Steels & Power Ltd and Merck for Mothers among others.

Besides, we place due emphasis on learning from our experiences, analyse ways in which we can further improve and share our expertise with our peers and others.
