INTERNSHIP REPORT

THE INDIA NUTRITION INITIATIVE (TINI), TATA TRUSTS

Dr. Rahul Gupta

INTRODUCTION:

TATA Trusts: Tata Trusts are amongst India's oldest, non-sectarian philanthropic organisations. The Trusts own two-third of the stock holding of Tata Sons, the apex company of the Tata group of companies. The wealth that accrues from this asset supports an assortment of causes, institutions and individuals in a wide variety of areas. In this manner, the profits that the Tata companies earn go back many times over to the communities they operate in. These funds have been deployed towards a whole range of community development programmes across the country, for over a100 years now.

The India Nutrition Initiative (TINI) is an implementation arm of the Tata Trusts and is envisioned to carry forward the work of the Trusts to address the problem of malnutrition in India by identifying, undertaking and supporting relevant initiatives in the said thematic area TINI's programs have strong linkages with the Government of India's and respective State Government's ongoing nutrition/health programs.

Swasth Bharat Prerak Program: Ministry of Women and Child Development launched the Swasth Bharat Prerak (SBP) initiative in collaboration with Tata Trusts. The intention for creating the SBP Fellows is to enable the districts with technical and management expertise and help them in achieving the desired nutrition outcomes (elimination of anemia, malnutrition free India).

GOALS OF THE ORGANIZATION: The goals are to achieve improvement in nutritional status of Children from 0-6 years, Adolescent Girls, Pregnant Women and Lactating Mothers in a time bound manner during the next three years beginning 2017-18 with fixed targets.

ORGANIZATIONAL PROFILE:
