ORGANIZATION PROFILE

Thumbay Group

Thumbay Group, UAE is a diversified international business conglomerate with its headquarters in DIFC – Dubai, United Arab Emirates.

Venturing into new avenues of service with missionary zeal, Thumbay Group has over the past two decades, spread its wings of excellence in various fields of social and business endeavours. What started in 1998 with the establishment of the Thumbay Group by its founder, a visionary and third generation entrepreneur from India, Dr. Thumbay Moideen, has blossomed into a diversified business group with operations across 20 sectors including Education, Healthcare, Medical Research, Diagnostics, Retail Pharmacy, Health Communications, Retail Opticals, Wellness, Nutrition Stores, Hospitality, Real Estate, Publishing, Technology, Media, Events, Medical Tourism, Trading and Marketing & Distribution.

With its network of academic hospitals and medical centers, the Thumbay network of hospitals is one of the largest healthcare providers in the region. All hospitals and clinics under the group provide teaching and training opportunities for the students of Gulf Medical University, Ajman, a leading private medical university of the region owned and operated by the group. Gulf Medical University attracts a student cohort of over 80 nationalities and faculty and staff from over 25 countries.

Apart from being an acknowledged leader in the healthcare sector, Thumbay Group operates a reputed pharmacy chain, diagnostic centres, multi-brand retail outlets, world-class wellness centres, a prestigious chain of coffee shops, popular health & lifestyle publication, to name a few. An academic and entrepreneurial powerhouse, the Thumbay Group takes its strength from an empowered and loyal employee group exceeding 5000 people.

Thumbay Hospital Day Care, University Road, Sharjah

Thumbay Hospital Day Care is the latest addition to Thumbay Group's healthcare division. It is a state-of-the-art multi-specialty facility envisioned as a center housing all major specialties under one roof, where treatments and procedures are being offered to Thumbay's patients as Day Cases - meaning no overnight stay in hospital is necessary and patients can rest and recuperate in their own homes. Fully-equipped laboratory, advanced radiology services with ultrasound and x-ray facility, trained personnel ensure optimum patient safety and satisfaction. Latest technology along with excellent post-operative care and effective pain relief enable the patients to recover in just a few hours. The facility is strategically located in University City Road, Sharjah. The facility is owned and operated by multi-diversified conglomerate Thumbay Group. It was founded in 1998 by Dr. Thumbay Moideen across the emirate of Ajman, United Arab Emirates, and gained an international reputation for quality healthcare providers and the region's largest networks of private academic hospitals. As a Centre of excellence for the delivery of affordable and effective care and effective pain relief enable the patients to recover in just a few hours. The facility is strategically located in University City Road, Sharjah. The facility is owned and operated by multi-diversified conglomerate Thumbay Group. It was founded in 1998 by Dr. Thumbay Moideen across the emirate of Ajman, United Arab Emirates, and gained an international reputation for quality healthcare providers and the region's largest networks of private academic hospitals. As a Centre of excellence for the delivery of affordable and quality-care, Thumbay Hospitals have become a household name in the UAE, in less than two decades
