Wockhardt Heart Hospital Nagpur

Wockhardt Heart Hospital, Nagpur inaugurated in 2004, has the privilege of being the first hospital in the city to perform Angiography by the Radial method. It has a full-time expert team of cardiologists and cardio-surgeons to drive its cardiac services. A round-the-clock ICU ensures timely care in cardiac emergencies. It is supported by skilled and qualified nurses and advanced technology. Geared with 48 bedded, One Cardiothoracic Operation Theatres, a Cardiac Catheterization Lab and a Dedicated Cardiac Ambulance, it also has a 24-Hour Emergency Heartline. All these services are supported strongly by advanced technology. The Lab comprises of the Philips Integris HM2000 with C-arm geometry, HF generators, High Resolution II/TV system, Digital Imaging System, and a CD recording system. The system is very well-suited for high resolution angiographies. With its heavy-duty tube, it is a work horse for angioplasties stenting procedures and other interventional vascular procedures.

Wockhardt Heart Hospital, Nagpur is the preferred healthcare destination for patients in areas such as Akola, Amravati and from the neighbouring states of Chattisgarh and Madhya Pradesh.

Wockhardt Hospital's existence is the result of a 50-year tradition of caring and innovation nurtured by Wockhardt Ltd, India's 5th largest Pharmaceutical and Healthcare company with a presence in 20 countries across the globe.

Within a short period since its inception, Wockhardt Hospitals has become a leading health service provider with its strong presence in the western parts of the country i.e. Mumbai, Nagpur, Rajkot, Nasik and Surat. This group of 9 hospitals fulfills the need of the community in its chosen field of super specialty like Cardiology, Orthopedics, Neurology, Gastroenterology, Urology, Aesthetics and Minimal Access Surgery.

We follow process driven quality systems that adhere to international standards of clinical care, safe environment, infection control and respect for patient rights & privacy. With state of the art multi-disciplinary capabilities and world-class infrastructure and technology, we enrich the quality of life of every patient in a caring and nurturing environment and greatest respect for human dignity and life.

Many of the Wockhardt group of hospitals has accreditation of the NABH (National Accreditation Board of Hospitals & Healthcare), the highest and the most stringent quality standards institution in India and the National authority in healthcare accreditation. To meet these standards the hospital needs to have a quality driven approach right from the patient registration, admission, pre-surgery & post-surgery protocols, discharge from the hospitals to follow ups after discharge.

In pursuance of its vision to establish state-of-the-art medical facilities in India along with a high degree of clinical excellence, we have entered into strategic alliances

with Partners Medical International, USA, whereby Wockhardt has access to Harvard's expertise and experience in the fields of surgery and other Medicare services.

Partners Medical International (a non-profit organization) serves as a catalyst in bringing together healthcare professionals from around the globe towards improving the delivery of healthcare through education and implementing its vision that every citizen of the world should have access to quality healthcare in their own country. Today, Harvard Medical International has selective collaborations with medical communities, Wockhardt hospitals being one of them.

Wockhardt group of hospitals in India is a preferred destination for patients from Europe, USA, Africa, Middle East and South Asia. Most of the doctors/surgeons have been trained or worked extensively at some of the best medical institutions in US, Europe and other advanced countries.

MISSION AND VISION

We at Wockhardt Hospitals believe that the core values of excellence, respect, teamwork, integrity and caring are essential for the wellbeing of our staff and our patients and this is evident in the vision and mission of our hospitals.

VISION

"Wockhardt Hospitals will strive with excellence to fulfill the needs of the community in its chosen field of medical treatment"

Because of our emphasis on high teamwork we bring together all the necessary disciplines and skills from the many resources of our organization to serve our patients better and attempt to set the Wockhardt Care in a league of its own.

MISSION

"To serve and enrich the quality of life of patients suffering from diseases, through the efficient deployment of technology and human expertise, in a caring and nurturing environment with the greatest respect for human dignity and life."

Wockhardt Hospitals believe in setting the best practice standards in our services, continuously improving performance and exceeding the expectations of our patients as well as their families. We believe in building and maintaining long-term patient relationships, so as to become an essential resource for their well being. We believe in:

- Training and developing the best human resource as the key to deliver superior patient service.
- Consistently investing in technology and infrastructure to match international benchmarks.

- Leading the development of professional standards in Healthcare Management.
- Continuously educating the community about the prevention of cardiac disorders.
