ABOUT THE ORGANIZATION

The Mission Hospital, Durgapur

The Mission Hospital, (A Unit of Durgapur Medical Centre Pvt. Ltd.) is a 350-bed hospital located in Durgapur, West Bengal, India. Built in an area spanning three acres it offers an array of facilities – a digital flat panel Cath lab, a seven major operation theatres, a 100-bed critical care unit, a mother and child care unit, 24-hour accident and emergency department, blood bank and for the first time, a computerized pneumatic tube system (Sumetzberger, Germany).

The Mission Hospital started its operation on April 02; 2008. This is the first super specialty corporate hospital in Eastern India outside Kolkata. The hospital has taken an initiative to amalgamate and integrate the best in healthcare be it manpower or technology. It has been set up with the vision of providing quality healthcare at affordable cost and within the reach of every individual.

The hospital has been able to establish its presence in Eastern India and its neighboring areas through its patient centric and high-quality care.

The Mission Hospital is committed to providing affordable, quality health care to patients by incorporating improvement in its day-to-day schedule.

The NABH accredited, Mission Hospital, Durgapur is now also an Associate Member of the International Hospital Federation (IHF) for the year 2017.

The International Hospital Federation (IHF) is a non-governmental international organization, located in Bernex (Canton of Geneva), Switzerland. It is a global association for healthcare management, whose primary mission is ;to improve the health of societies through cooperation between participants within the worldwide health sector.

The Mission Hospital, as an Associate Member, recognizes itself as one of the few well managed hospitals and health services where all individuals seeking treatment and cure can reach their highest potential for health.

Vision Statement:

To provide affordable quality healthcare to patients by incorporating improvements in its day-to-day schedule.

Mission Statement:

To be a center of excellence in healthcare by bringing tertiary level of healthcare to the people of Eastern India

Along with this the Hospital also has partnered with other organizations to promote social initiatives One Such initiative is the Cleft lip treatment program, which is funded by **The Smile Train**, a New York based not for profit Organization.

Another such Initiative is the Vocational training course, **MTT program**, jointly offered by the Sparsh Foundation and The Mission Hospital The goal is to develop easily replicable prototypes of short-duration, vocational training courses for the millions of unskilled dropouts in India in various trades that offer huge employment potential in a new world economic system. With a shared view of the hospital's internal requirements for human resources over the long run, Sparsh Foundation initiated the MTT program at Durgapur hospital with technician courses in CSSD (Central Sterile & Supply Dept.), OR (Operation Room) & EMT-CCU (Emergency Medical Team – Critical Care Unit). All pass-outs until date are gainfully employed - most working in the hospital itself, while the few who moved out are valued employees with big brands as Fortis & Apollo. Plans are on the anvil to extend program scope to technician courses in Anesthesia, Cath Lab, Path Lab, Phlebotomy etc.

The Mission Hospital, Durgapur also introduced a special treatment plan for the senior citizens based in Durgapur. The card introduces several special benefits for Durgapur- based senior citizens. Following are the salient features of the card:

- Unlimited fee consultations on cardiology, neurology, urology and orthopaedics.
- 10% discount on imaging and pathological investigations (on outpatient basis)
- 10% discount on bed/cabin charges (applicable after 1 month from registration)
- Free home visit health check-up along with a free investigation within the city limits in Durgapur(once in 6 months)
- Free emergency ambulance pick-up within the city limits in Durgapur
