COMPANY PROFILE

DelCure LifeSciences Ltd. (DLL) is a full scale pharmaceutical company with an aim to bring differentiated high quality products through international collaboration with innovator companies from the USA, Switzerland, and European countries. High quality products are assured from our manufacturing partner of high repute.

VISION:

“To become the most respected, uniquely positioned leading pharmaceutical company in the chosen areas or specialty verticals in India and abroad with distinct value based characteristics”.

Purpose, Culture and Value at DelCure LifeSciences:

At DelCure LifeSciences, we strongly believe in promoting the purpose of Happiness and creating the culture of Helpfulness for DLL family members and the society, with the learning from Mother Nature, promoting sustainability and augmenting life with growth. We firmly believe in value of Truthfulness.

THE VISIONARY:

The company was envisioned by pharma veteran Mr. Prashant Kumar Pathak. An inspiring and visionary leader has approximately three decades of rich experience in pharmaceutical industry in Sales & Marketing, International Business, and Supply Chain Management & Operations. Mr. Pathak served as Chief Executive – Global Formulations with RPG Lifesciences and Senior Director – Sales & Marketing with Dr. Reddy's Laboratories.

He has well-rounded experience of running business arms in APAC, Central & Latin American countries & Africa. During his professional career, he has managed large number of in licensing assignments and brought new products to India and has been instrumental in collaborating with institutions of repute in the country and USA.

Has been guide & mentor to many successful industry leaders and therefore, has created a highly competent top management team in Delcure Lifesciences.

Delcure LifeSciences Limited, has entered strategic long term manufacturing collaboration with Akums Drugs & Pharmaceutical Limited, country's largest

formulation manufacturer, known for state of art facility & capable of manufacturing all dosage forms of high quality medicines.

AKUMS DRUGS & PHARMACEUTICALS LTD, Haridwar, (India), is an internationally recognized WHO-GMP certified and one of the leading contract manufacturing pharmaceutical companies of India.

Company already has four international collaborations mentioned below:

- Pharmabase, Switzerland
- Helixor, Germany
- Cymbiotics, USA
- Amarillo Biosciences, USA

Two Major Division:

WINSPIRE

DLL started marketing operations in the field from June 2013. The first Division was launched with 300 team members in Paediatrics, ENT and Chest specialities. This Division has products with differentiated technology, “Fast Absol” in all Tablet range and “KuraFast” in all dispersible Tablets, which will lead to faster onset of action and thus faster relief.

DELVOICE

DelVoice is the second division of DLL launched in Aug’2013. DelVoice is a multispecialty division with a focus towards Orthopaedics, Gastroenterologists and Consulting Physicians. DelVoice is credited in bringing innovative new products which are new to the country and also technologically superior.

THE FLAGSHIP BRANDS-

In Paediatric segment, Taste of the formulation plays important role. In DLL, all the suspension products come with delicious taste, which ensures 100% patient compliance.

DelpoCure (Cefpodaxime Proxetil), a Cephalosporin antibiotic, indicated for

treating respiratory infections in children and adults, available in all dosage forms like Tablets, Dispersible tablet, Suspension (50, 100 & 200 mg).

DelpoClav (Amoxicillin + Clavulanic acid) has been launched in Paediatric as well as adult dosage forms (228.5, 457 & 625 mg) in Tablet, DT & Susp.

WeCure (Levofloxacin) a very popular Quinolone antibiotic is launched in 250, 500 and 750 mg Tablet dosage form and also in combination with Ornidazole to treat infected Diarrhea.

Indowel (Ondansetron) has been launched, which is an antiemetic in Solution form, for the treatment of nausea & vomiting in children.

The overall response from the doctors has been very good and they have appreciated the quality of the product. Many doctors have even reported that DLL's product give faster results to the patients, confirming high quality standard of the products. This Division plans to introduce comprehensive Paediatric, ENT & Chest range that includes:

- Range of Probiotics like S. Boulardii, LGG in innovative dosage forms,
- Vitamin D3 in water soluble Spray form (in licensed International products),
- Paediatric GI Range including UDCA Susp., Dicyclomine & Simethicone range, Rifaximin Susp. & Zinc Syp.
- Paediatric ENT Range including Fexofenadine & Montelukast, Carbamide Peroxide drops, Phenazone & Lidocaine drops & Mometasone Furoate Nasal drops.
- Paediatric Pulmonology range including Ceftriaxone & Tazobactam Inj., Ambroxol & Salbutamol range and
- Paediatric Dermatology Range including topical Creams and Bars.

The Division plans to support Paediatric, ENT & Chest fraternity with innovative Marketing activities like scientific data support in association with Elsevier, technology based activities like android app, CMEs and conference participation etc.

DelVoice is the second division of DLL launched in Aug'2013. DelVoice is a multispecialty division with a focus towards Orthopedics, Gastroenterologists and Consulting Physicians.

DelVoice is credited in bringing innovative new products which are new to the country and also technologically superior.

First to launch brands:

– Trypsin, Bromelin, Rutoside combination with Aceclofenac- DELPOFLEX-A

- Aquamin Multi-Mineral Complex which has Calcium from natural Red Algae along with 73 trace elements- DELPOCAL
- Diclofenac with Thiocolchicoside inj- SPAFAST -D

Differentiated products

- Aqueous base Thiocolchicoside injection- SPAFAST
- Fast Absol -Aceclofenac + Paracetamol range- COMBIPARA/ COMBIPARA-T/ COMBIPARA-T8/ COMBIPARA-SP
- Solphilic H- Rabeprazole- RABTIC/ RABTIC-L

Fast Absol Technology helps in Faster Disintegration and Faster Dissolution which provides superior results.

Solphilic-H Technology enhances solubility of hydrophobic drug like rabeprazole and improves absorption and bioavailability.
