ORGANIZATION PROFILE

The Central Medical Stores Organization (C.M.S.O) was established in 1978 under Health and Family Welfare Department. Govt. of Gujarat and was entrusted with the functions of procurement, storage, distribution of medicines surgical goods medical equipment / instrument and insecticides for the health care institutions under Govt. of Gujarat.

With the changes in the healthcare arena there was a felt need of developing new as well as upgrading the existing functioning and processes of CMSO, and consequently develop an institution supported with necessary infrastructure to make the system responsive to meet the objectives of the universal health coverage. With the view to match the changing demands and pace of development in the sector, CMSO was transformed into "Gujarat Medical Services Corporation Limited" (GMSCL) as an autonomous body and was incorporated under companies act, for systematic procurement, inventory management, Management information system and to infuse professional management with establishment, development and strengthening the use of information technology in medical store organization.

GOALS OF INTERNSHIP

An internship is an opportunity to get hands-on experience with an employer in your professional field of interest. Internships are typically completed as part of college coursework.

Learn About the Business

An internship is an opportunity to learn about how an organization works on both a large scale and on a day-to-day basis. I may find enjoyment of the profession and want to pursue it. Making a definitive and educated choice about my career path should be a goal of the internship experience.

Learn New Skills

Have a goal to learn as much as I can about the ins and outs of the job. For example, I am interning at a medicines supply chain corporation, become familiar with the project planning process, learn how to conduct processes and familiarize myself with the most frequently used standard operating procedures.

Get Constructive Feedback

An internship is about learning through doing, and asking for constructive feedback will help me hone my skills and become more professional.

Establish Yourself Professionally

Even in an intern capacity, I should strive to represent myself in a professional and businesslike manner. The input I get from colleagues and the way I interact with them can help me start defining your professional persona.

SERVICES PROVIDED BY GMSCL

- Procurement of essential, lifesaving quality medicines, surgical goods & Insecticides and their timely availability by creating highly decentralized storage capacity & distribution network.
- Procurement of quality medical equipment/Instrument and its maintenance for entire product life cycle.
- Establishment of Diagnostic Medical Service Center for early diagnosis & ease of treatment for beneficiaries.

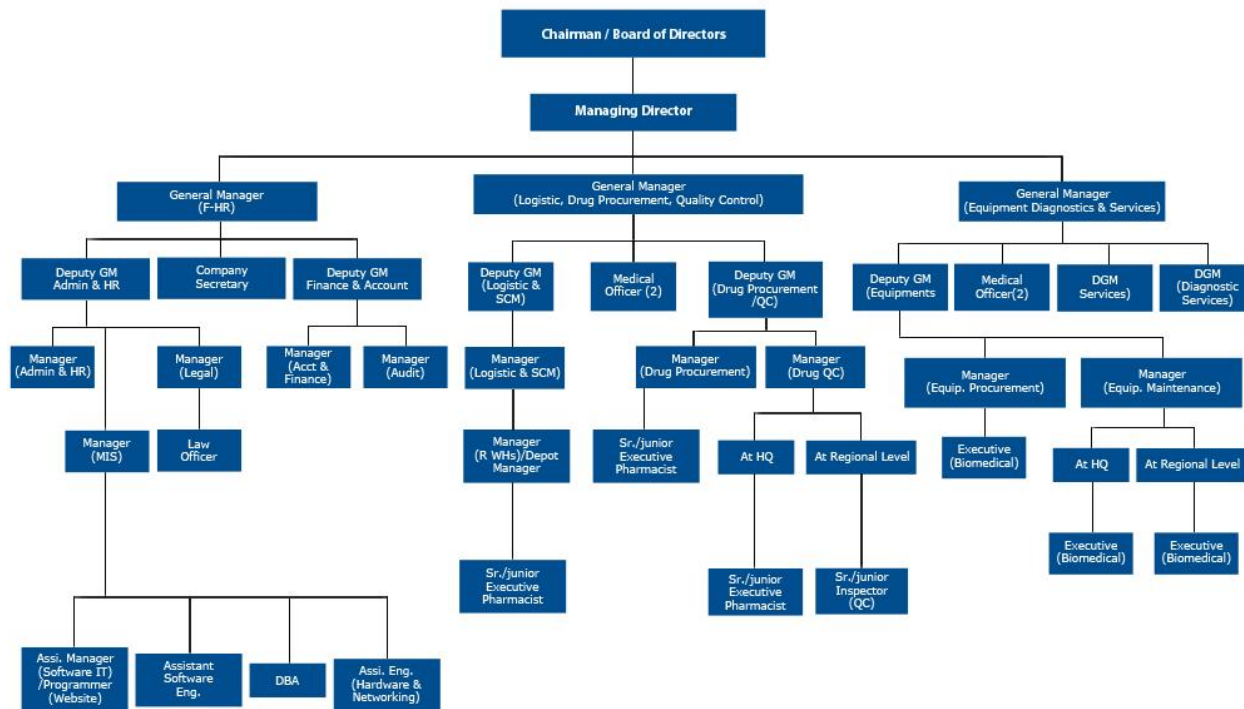

Organization Structure

Head of the Department of this Organization is the Managing Director of G.M.S.C.L. There are different branches working under the direct supervision of the Managing Director.

- **Drug Branch** – To carry out procurement of drugs.
- **Instruments (Industry) Branch** – To carry out procurement of Medical Equipment and Instruments
- **Computer Branch** – Computerization of G.M.S.C.L and Planning of G.M.S.C.L
- **Account Branch** – Payment of Bills, Preparation of Accounts.
- **Depot** – Storage and Distribution of drugs to 800 institutions of Gujarat State.
- **Quality Assurance Branch** – To ensure the quality of drugs.
- **Administrative Branch** – Establishment and Personnel work.
