INTRODUCTION

About Manipal Group

“A world-class network of Healthcare establishments in India”

Manipal Hospitals is part of the Manipal Education and Medical Group (MEMG), which pioneers in the field of education and healthcare delivery.

Manipal Hospitals has a special significance in the overall healthcare industry of India and particularly in South India. A social seed sown more than five decades ago is today the country's third largest healthcare group with a network of 15 hospitals and three primary clinics providing comprehensive care that is both curative and preventive in nature for a wide variety of patients not just from India but also from across the globe.

The focus at Manipal Hospitals is to develop an affordable tertiary care multispecialty healthcare framework through its entire delivery spectrum and further extend it to homecare.

One of the most preferred and recognized healthcare facilities by pharmaceutical companies for drug trials, the group's flagship hospital in Bangalore is NABH accredited and ranked amongst the Top 10 multispecialty hospitals in India.

The ethos of Manipal Hospitals is its belief in the credo of its triad of core values namely “Clinical Excellence, Patient Centricity and Ethical Practices” which have led to it becoming one of the best and most trusted healthcare providers in the country today.

Our Clinical Excellence is rooted in our excellent team of doctors/medical specialists who are well versed with the latest advancements in their respective field of medical expertise. This is further complemented by our teams of highly trained nurses and paramedical people.

Patient Centricity is a key tenet that we follow and which has won the goodwill and trust of our patient over the years. A total “patient first” approach at all times in the outpatients department-working at late hours of the day and even on holidays – are but a few examples amongst many other such patient friendly practices that has resulted in us being one of the most preferred

hospitals wherever we are present across India and also to the development of a strong bond based on faith and trust with our patients.

Besides this, our unwavering and unflinching belief in Ethical Practices along with our social initiatives through the Manipal Foundation and other associates NGOs has enabled us to extend quality and affordable healthcare to the lesser privileged sections of our society.

At Manipal Hospitals, we are at the leading edge of technological advancements in the medical world. This, along with state-of-the-art infrastructure and facilities, the finest minds in the country and a genuine desire for providing the best healthcare drives path-breaking care for our patients on a day-to-day basis. From the smallest to the most complex medical problems, we pride ourselves in the way we deliver healthcare.

With its flagship quaternary care facility located in the heart of Bangalore city, five tertiary care, nine secondary care and three primary care clinics across five states, today Manipal Hospitals successfully operates and manages 4,900 beds and caters 2 million customers from India and overseas every year.

Goals of Internship:

As part of curriculum, students of final year are required to undergo internship training at hospital for a period of three months.

1. To gain practical knowledge so that we can enhance our skills and can understand the management related issues.
2. Implement the theoretical knowledge into practical knowledge.
3. To learn new challenges and contribute to finding solutions.
4. Diagnose critical problem in an operational area
