ACKNOWLEDGEMENT

The opportunity of doing my dissertation Report with **National Health Mission, Gujarat** was a great chance for learning and professional development. I consider myself as a very lucky individual as I was provided with an opportunity to be a part of it. I am also grateful for having a chance to meet so many wonderful people and professionals who led me through this Dissertation period.

I express my deepest thanks to my mentor **Dr. Mukesh H. Trivedi**, Reproductive and Child Health Officer, Banaskantha, Gujarat for their careful and precious guidance, which were extremely valuable for my study

My sincere gratitude to my respected mentor **Dr. Ranjan Kumar Prusty** for his constant support and encouragement throughout dissertation period and Dr. Adish Kumar Regional CMAM Consultant, without his guidance, this work would not have materialized.

Finally, I must express my very profound gratitude to my parents, my sister Nabomita and to my best friends Namit and Namrata for providing me with unfailing support and continuous encouragement throughout my years of study. This accomplishment would not have been possible without them.

I perceive this opportunity as a big milestone in my career development. I will strive to use gained skills and knowledge in the best possible way, and I will continue to work on in order to attain desired career objectives.

Sincerely

Nabin Kumar Patra

Organizational Profile

2.1 Introduction

The Union Cabinet vide its decision dated 1st May 2013 has approved the launch of National Urban Health Mission (NUHM) as a Sub-mission of an over-arching National Health Mission (NHM), with National Health Mission (NHM) being the other Sub-mission of National Health Mission.

NHM has 6 financing components

1. NHM-RCH Flexi pool
2. NUHM Flexi pool
3. Flexible pool for Communicable disease
4. Flexible pool for Non-communicable disease including Injury and Trauma
5. Infrastructure Maintenance
6. Family Welfare Central Sector component

2.2 Goals

- Reduce MMR to 1/1000 live births
- Reduce IMR to 25/1000 live births
- Reduce TFR to 2.1
- Prevention and reduction of anemia in women aged 15–49 years
- Prevent and reduce mortality & morbidity from communicable, non- communicable; injuries and emerging diseases
- Reduce household out-of-pocket expenditure on total health care expenditure
- Reduce annual incidence and mortality from Tuberculosis by half
- Reduce prevalence of Leprosy to <1/10000 population and incidence to zero in all districts
- Annual Malaria Incidence to be <1/1000

- Less than 1 per cent microfilaria prevalence in all districts
- Kala-azar Elimination by 2015, <1 case per 10000 population in all blocks

2.3 Concept of NHM

National Health Mission (NHM) encompassing two Sub-Missions, National Health Mission (NHM) and National Urban Health Mission (NUHM). It is both flexible and dynamic and is intended to guide States towards ensuring the achievement of universal access to health care through strengthening of health systems, institutions and capabilities.

2.4 Vision of the NHM

Attainment of Universal Access to Equitable, Affordable and Quality health care services, accountable and responsive to people's needs, with effective inter-sectorial convergent action to address the wider social determinants of health

- Safeguard the health of the poor, vulnerable and disadvantaged, and move towards a right based approach to health through entitlements and service guarantees
- Strengthen public health systems as a basis for universal access and social protection against the rising costs of health care.
- Build environment of trust between people and providers of health services.
- Empower community to become active participants in the process of attainment of highest possible levels of health.
- Institutionalize transparency and accountability in all processes and mechanisms.
- Improve efficiency to optimize use of available resources.
