1.0 Introduction to General Civil Hospital Godhra (Gujarat)

- Health care is a public right to provide this care to all people in equal measure through three tier health care system. District Hospital is third tier health care institute under it.
- A basic and required function of health care system is to facilitate a sound referral system where District Hospital can act as tertiary level providing general and special medical care. Each District Hospital should provide optimal expert care to community, achieve, and maintain an acceptable standard of quality of care covering population 2,025,277 of entire Panchmahal district.
- Bed Strength – 210
- Location – at center of city
- Scope of Service – Multispecialty
- Area - 4.2 Acres
- Hospital was started as Dispensary in 1870 and then after converted into multispecialty 210-bedded hospital in around 1970.

To provide high quality care to the community to which it caters through providing direct medical care, acting as a referral unit to the peripheral health unit and supporting service units under various National/state health programs.

Hospital is providing following services:

- Routine OPD services
- 24x7 emergency services
- 24x7 delivery services and emergency and essential obstetric care including normal, assisted, caesarean section etc.
- Care of routine and emergency cases in surgery: Incision and Draining, Hernia, Appendicitis etc.
- Care of routine and emergency cases in Medicine: Malaria, NCDs etc.
- Full range of family planning services with safe abortion services, Injectable Contraceptives.
- Essential and emergency Newborn care (SNCU/NICU)
- Routine and emergency care of sick children
- Blood Bank facility
- Specialty services by Surgeon, Physician, Gynecologist, Pediatrician, ENT surgeon, orthopedic surgeon, ophthalmic surgeon, Dermatologist, Pathologist etc.
- NCD clinics
- CMTC / NRC
- X-ray and laboratory services
- Referral services
- Service units as per different National health programs
- MA Yojna, JSSK, RKS, JSBY and many more such type of Schemes.

1.2 Vision

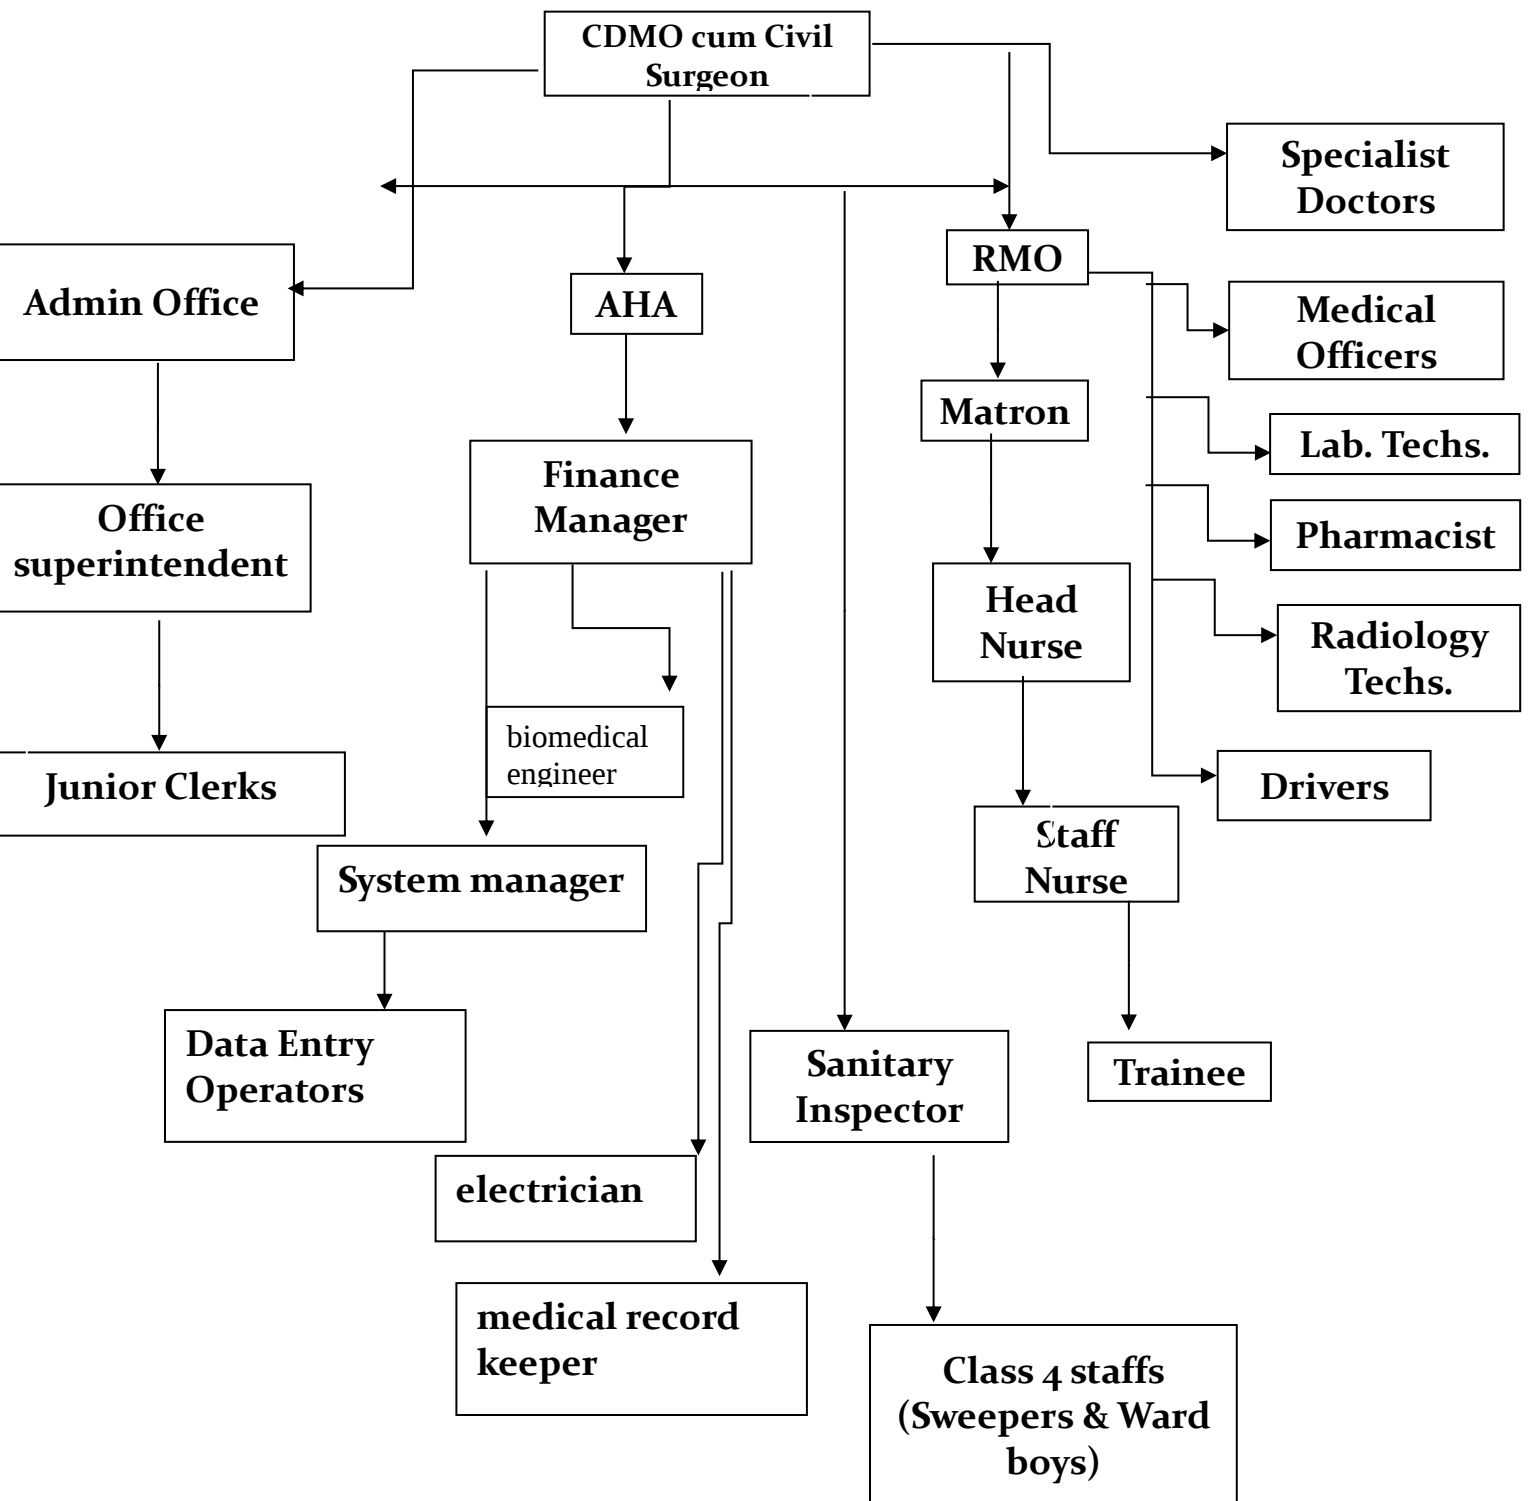

“To deliver the highest "Quality of Health Care" through state-of-art facilities available at General Hospital Godhra.”

1.3 Mission

The General Hospital, Godhra enables to improve the availability of and access to Quality Health Care services to the community, especially for those residing in rural areas, the poor, women and children in state.
