IKS Care

At IKS clinical solutions are designed to give overburdened physicians the time to care for their patients and for themselves. These critical solutions ensure improved outcomes, higher productivity, happier doctors, and satisfied patients. Whether it brings better, safer care, or adds time to the physician's day, IKS' solutions are a key tool for an engaged clinical team and an integral step on the move to value.

IKS practice

There is no universal answer for managing the dynamic industry change we face today. That's why the consulting solution, IKS Practice, uniquely crafts each engagement with the outcomes and mission in mind. Leveraging industry expertise and a national network of thoughtful leaders, our team gives its client executives counselled insight during these transformative times. As a company that has built its reputation as an execution partner, it is uniquely positioned to provide practical strategies that deliver real results.

IKS Margin

The suite of margin solutions is the one-stop revenue cycle management (RCM) resource to allow clients to cost-effectively capture, collect, and protect their revenue. Margin supports growing organizations by increasing collections, reducing the cost to collect, and scaling seamlessly as they grow. It gains efficiency, insight, and actionable intelligence through technology-enabled workflows, real-time dashboards, and practical analytics. Its clients enjoy improved margin which they can invest toward their mission, be it caring for providers, patients, or the greater community.
