“MEDANTA- THE MEDICITY, GURGAON”

A vision that first came to Dr. Naresh Trehan, while practicing surgery at the NYU Medical Centre in the USA. For every 1000 Indian patients he treated there, another 1000 could not afford to fly down. That is when he realized that India needed to have an advanced multispeciality medical institution of its own. An institution which not only treats, but trains and innovates too, while providing international standards of technology, infrastructure, clinical care, and a fusion of traditional Indian and modern medicine. All at one-tenth the cost. That is how Medanta was born in 2009.

SERVICES OFFERED BY THE HOSPITAL

SPECIALITIES

- Bone and Joint Institute
- Cancer Institute
- Breast Services
- Head and Neck Oncology
- Medical and Haemato Oncology
- Radiation Oncology
- Institute of Critical Care and Anaesthesiology
