MBA Hospital and Health Management

Year 2014-2016

About Monilek Hospital & Research Center:

It is a 100 bed multi- specialty unit with facilities including Intensive Care Unit (20 beds), High Dependency Unit (HDU – 9 beds), 3 world class Karl Storz Garmen OR1 Modular Operating Theatres, 12 Dialysis Units, Private and General Wards.

Emergency and Trauma including medico-legal services are available round the clock. For these services, hospital has 8 dedicated beds with expert doctors and nurses.

It is the first independent hospital in the state to initiate distant health care program with provision of dedicated mobile medical and surgical units. The hospital regularly organizes camps in Rajasthan and neighbouring states.

The hospital has made special facilities for the poor and weaker sections of the society including free and subsidized treatment.

Monilek Hospital is the first and one of the best Institutions in Rajasthan to perform Kidney Transplant. The team of Dr. S.L. Tolani and Dr. A.K. Sharma has performed over 600 successful live related and Cadaveric Kidney Transplants since 1986. The hospital also owes its fame to the Lithotripsy Unit where Kidney Stones are removed without surgical operation. The Department of Nephrology offers medical care to End Stage Renal Disease, pre and post transplants cases and has performed over 9,000 dialysis procedures annually on 12 state of the art Japanese Toray Machines. CAPD – Continuous Ambulatory Peritoneal Dialysis, which provides the patient the flexibility to carry out all the normal activities during the Dialysis. Isolated room and machines are available for positive (HBsAg, HIV and HCV) patients.

The Hospital has well equipped department of medicine, surgery, gynaecology & obstetrics, paediatrics, orthopaedics, ENT, skin, ophthalmology, dentistry, gastroenterology, dietetics, physiotherapy, ayurvedic and homeopathic and complementary medicine, which run the Outpatient Clinic

It also conducts charitable surgery camps at various places in state and neighbouring states. Hospital is actively involved in the social welfare activities and has a provision of free bed to the poor and needy and conducts free health check up camps, eye check up camps as a part of its commitment to the society at large

The hospital offers a well-equipped and comfortable accommodation in the lush green surroundings. Spacious male and female general wards, as well as air-cooled and air-conditioned Deluxe; semi-Deluxe and super deluxe rooms are available as per patient's choice.

Services and Facilities

Hospital Services

- Canteen
- Central Sterile and Supplies Department
- Stores (General, medical)
- Medical gases
- Engineering services
- Laundry

Operation Theatres

Monilek Hospital has one of the best operation theatres in the country. Four modular operating rooms (including Karl Storz OR1) equipped with laminar air flow systems, ceiling mounted pendants, and antistatic antibacterial walls and flooring.

Apart from the ORs, the hospital maintains a well equipped CSSD with plasma sterilizer and latest sterilization machines; very strict infection control protocols have resulted in the transplant outcomes that are comparable to any other transplant centre anywhere. For, other surgical procedures, these protocols have resulted in almost negligible complication rates.
