Hospitals	Government	Pharmaceutical
		
International/Donor Agencies	Technology	Other healthcare stakeholders
		

Our Core Services

Healthcare Policy Review and Design

We have accumulated in-depth knowledge of the India health system and policy trends through the extensive interaction with health system stakeholders, as well as, work in areas of public health.

We have worked extensively in the arena of Healthcare policy and established thought leadership on policy trends by leveraging broad connections with stakeholders from key government divisions and healthcare institutions. We are currently collaborating with Department of Pharmaceuticals, India on Pharmaceutical pricing policy initiatives.

In 2013, the IMS India Institute and OPPI (Organization of Pharmaceutical Producers of India) jointly produced a thought leadership study on “Understanding Healthcare Access in India” as a knowledge initiative in collaboration with government policy makers, industry and academics. This provided an opportunity for multi-sector stakeholders to exchange thinking on key issues in the Health Care Access including affordability and quality of care, and to stimulate discussions on policy options.

Quality Assurance

- IQVIA Public Health provider consulting team has senior professionals from industry who are certified as Principal Assessor for National Accreditation Board for Hospital [NABH]

and have achieved the distinction of Certification and Lead Auditor for ISO 9000 Quality Systems.

- **Global experience in evaluating health systems performance and providing policy recommendations:** As a global team covering all major markets, we have extensive experience working on health-related topics and providing solutions to public health organizations and local governments and can share best practices from emerging and developed markets across the globe.

Performance Improvement: for healthcare service providers IQVIA offers a range of expertise which encompasses

- **Supply Chain Management:** IQVIA Public Health assists clients understand their existing material use and purchase patterns, inventory management and vendor management practices. This helps the client assess its annual needs for various day to day material and medicine requirements. Upon identifying the key drivers of inefficiency in a client's overall procurement and supply chain system the IQVIA team assists clients in implementing mechanisms such as rationalization of SKUs (Stock Keeping Units) to optimize inventory levels; Procurement mechanisms such as tendering, bid process management and vendor management.
- **Total Performance Improvement:** IQVIA Public Health helps clients achieve their desired performance through its Total Performance improvement plan which helps clients enhance revenues and optimize costs.
- **Process Optimization:** Inefficient service delivery processes can lead to higher patient waiting times as well as lack of adequate personnel at peak operations which leads to higher operation burdens for the providers as well as lower patient satisfaction. Healthcare providers seeking insights regarding their service delivery processes can undergo business process re-engineering mechanisms to streamline their operations effectively. IQVIA helps clients implement mechanisms across facilities planning, operations and maintenance as well as contract management mechanisms such as PPPs etc.
- **Other Services:** IQVIA Public Health's other services include improving utilization of facilities such as OT, OPD, Imaging services; Performance benchmarking; Designing & implementing clinical KPIs; Specialty COE design.

Program Management:

IQVIA Public Health helps clients with long term projects/programs by undertaking end-to-end project management

- **Program Design:** Clients seeking help in creating a prospective project/program can approach IQVIA Public Health for advisory on mapping the entire project/program landscape and on a phase by phase implementation plan.
- **Program Implementation:** IQVIA Public Health can provide clients with full time support during the implementation of their project/program by deploying a team of experts as the Project/Program Management Unit.
- **Monitoring & Evaluation:** The progress can during a program/ project can deviate from its envisioned path if proper monitoring mechanisms are not in place. IQVIA can help clients

with monitoring & evaluation services providing information on bottlenecks and their respective solutions for keeping a project on-track.

Infrastructure Advisory: Clients *envisioning to establish healthcare infrastructure can receive IQVIA's support across a range of activities which can help them make informed decisions*

- **Gap Assessment Study:** IQVIA Public Health can provide clients with detailed gap assessments for infrastructure requirement when they are considering construction or upgradation of their infrastructure projects.
