**Institute of Health Management Research,
Jaipur
2014**

ABOUT THE ORGANISATION

Wockhardt Hospitals believe that the core values of excellence, respect, teamwork, integrity and caring are essential for the well being of our staff and our patients and this is evident in the vision and mission of our hospitals.

VISION :

"Wockhardt Hospitals will strive with excellence to fulfill the needs of the community in its chosen field of medical treatment"

Because of our emphasis on high teamwork we bring together all the necessary disciplines and skills from the many resources of our organization to serve our patients better and attempt to set the Wockhardt Care in a league of its own.

MISSION :

"To serve and enrich the quality of life of patients suffering from diseases, through the efficient deployment of technology and human expertise, in a caring and nurturing environment with the greatest respect for human dignity and life."

Wockhardt Hospitals believe in setting the best practice standards in our services, continuously improving performance and exceeding the expectations of our patients as well as their families. We believe in building and maintaining long-term patient relationships, so as to become an essential resource for their well being. We believe in:

- Training and developing the best human resource as the key to deliver superior patient service.
- Consistently investing in technology and infrastructure to match international benchmarks.
- Leading the development of professional standards in Healthcare Management.
- Continuously educating the community about the prevention of cardiac disorders.

The Journey:

ACCREDITATIONS :

Our yesteryear associations and accreditations with leading medical institutions around the world are a testimony to Wockhardt Hospitals' commitment to provide the very best in healthcare to our community.

Presently, the National Accreditation Board for Hospital and Healthcare providers (NABH) accreditations to our Wockhardt Hospitals in the Saurashtra and Central India Region have enabled this group of hospitals in becoming one of the forerunners among the other medical institutions in this region. NABH is the highest accreditation that can be granted to a hospital under the Indian Medical Regime by an Indian Regulatory Authority. They believe in the stringent rule – Quality is fitness for the purpose.

We at Wockhardt are synonymous to the above medical essentiality. We understand and believe that quality is essential to ensuring the satisfaction of our customers and to our success.

ASSOCIATIONS :

In pursuance of its vision to establish state-of-the-art medical facilities in India along with a high degree of clinical excellence, Wockhardt Hospitals has entered into two strategic alliances with Partners Medical International.

The agreement with Partners Medical International, Boston, USA, is an exclusive, long term agreement whereby Wockhardt has access to PMI's expertise and experience in the fields of surgery, other Medicare services, as well as in setting up and developing hospitals of excellence throughout the world.

PMI serves as a catalyst in bringing together healthcare professionals from around the globe towards improving the delivery of healthcare through education and implementing its vision that every citizen of the world should have access to quality healthcare in their own country. Today, Partners Medical International has selective collaborations with medical communities of 18 countries and 5 continents.

As an associate hospital of Partners Medical International in India, Wockhardt Hospitals will derive knowledge and acumen from various associated Hospitals in the world and bring to its patients, the global standards in technology and clinical expertise related to the management of diseases and tertiary care. Wockhardt-HMI HIV/AIDS Education and Research Foundation (WHARF) is a non-government organization established to provide training to healthcare professionals and counselors in India.

The Hospital has joined hands with Needy Heart Foundation making pediatric cardiac surgeries for needy children available at a highly subsidised rate. It has also given free cardiac pacemakers to needy patients by collaborating with the Rotary Pacemaker Foundation.

Commitment to the community.

“Caring for the community”

The hospital enjoys the reputation of being the first and only hospital to have a digital flat panel Cath lab and 4 modular OTs with laminar air flow and HEPA filters for coronary Bypass surgeries, Coronary Angioplasty and other special surgeries. They are having 42 bedded ICU including cardiac, surgical, Medical, neonatal and pediatric ICU. With two decades of experience in high-end super speciality care; Wockhardt group has embarked on an ambitious endeavour and come up with a Super Speciality hospital, which is in addition to the already existing **Cardiac set up in Nagpur**. This contemporary distinctive 115 bedded, super speciality hospital has been established befitting the trust of the people of Central India, which has ensured that the already existent cardiac hospital at Nagpur crosses expectations thereby facilitating accreditation with NABH.

The citizens of Central India could now avail of super speciality medical care in the areas of Neurology, [Neurosurgery](#), **Orthopaedics**, [Minimal Access Surgery](#) and Critical care besides other specialities like [Urology](#), Nephrology, Medical and Surgical Oncology, Endocrinology, Gynaecology, Paediatrics, Emergency Care and Preventive Healthcare, in Nagpur itself rather than having to go westwards.

Various departments in the hospital are
