**Institute of Health Management Research,
Jaipur
2014**

Hospital Overview:

Burjeel Hospital, Abu Dhabi is the first and largest private tertiary care hospital with 7 Star healing environments and is a part of VPS Healthcare. Burjeel Hospital is a JCI accredited hospital. It is opened under the auspices of the new standards put in place by the Health Authority Of Abu Dhabi (HAAD). Equipped with the best and the most advanced facilities in treatment, equipment and diagnosis, and with a team of renowned specialists and medical personnel at the helm. The Burjeel hospital was started in April 20th 2012 and has achieved great success within a period of two years. The hospital is a group venture of renowned and experienced doctors operating under the conglomerate of LLH Group of Hospitals headquartered in Abu Dhabi.

The hospital currently has three operation theatres with quality services offered in Joint Replacement, Paediatric Orthopaedics, Hand Surgery, Sports Medicine, Spine Surgery etc. Patients benefit from a team of highly specialized consultants, many of whom are nationally and internationally recognized for their expertise and experience.

The Wellness Centre, 24hour Laboratory and Radiology, Modern ICU & NICU facilities, 24 Hours Pharmacy, IVF centre, 24 hour Emergency, Valet Parking are some of the various features and services offered by the hospital.

During the dissertation at Burjeel Hospital, the experiences gained were full of learning. The learning had a very vast horizon covering different aspects of management ranging from managing day to day activities to scrutinizing the main problems faced in the hospital like waiting time and finding a solution to address the same.
