HOSPITAL INTRODUCTION

History

SantokbaDurlabhji memorial hospital is a trust managed, autonomous, fee for service, not for profit, multidisciplinary, private hospital, which conceptualized by vulnerable family patriarch, the late PadamshriKhailshankerDurlabhji. He had passion and compassion to deliver affordable health-care to the people of Rajasthan which would be second to none in the country.

A prominent jeweller of the city, Khailshankerji was devoted to the idea of delivering the best healthcare to the people of Rajasthan in an affordable package. The hospital was established in 1971 and was inaugurated by late Smt. Indra Gandhi. It is located in the heart of pink city, spread over landscape 7.3 acres situated at Bhawani Singh road, Jaipur. It is self-contained campus with staff residences, a bank, a post office, medical stores, diary booth, in patient attendant complex (dharamshala) and other living facilities.

Catchment area

The catchment area is whole Jaipur city along with other parts of Rajasthan and other states like Haryana, UP and overseas nations.

Targeted population

The main targeted population is middle and upper middle class. It provides free services to terminally ill patients at Avedna Ashram. The camps are been organized throughout year in various districts of Rajasthan.

HOSPITAL PROFILE

SantokbaDurlabhji memorial hospital is a trust managed, autonomous, fee for service, not for profit, multidisciplinary, private hospital, which conceptualized by vulnerable family patriarch, the late PadamshriKhailshankerDurlabhji. He had passion and compassion to deliver affordable health-care to the people of rajas than which would be second to none in the country

VISION

SDMH shall be an integrated quaternary healthcare hub for delivery of affordable quality medical care in an economically viable, regionally, nationally and internationally positioned institutional environment.

MISSION

The hospital cares. SDMH is committed to providing quality health care at the most affordable rates to all sections of society, irrespective of caste, creed or color. Towards making this possible, we pledge to dedicate all our efforts and all our energies.

Milestones:

Year	Milestones
1958	SantokbaDurlabhji Trust created
1963	SantokbaDurlabhji Diagnostic clinic established
1969	Nursing home started in a rental building with obstetrics and gynaecology, general surgery and general medicine
1971	SDMH Inaugurated
1973	Eye department founded
	Pediatric department founded
	Blood transfusion services started
	E.N.T. department set up.
1974	Psychiatry department founded
1975	ICU and CCU commenced functioning
1976	Dental department established
	Nursing school founded
1981	Cardiothoracic Unit for Open Heart Surgery SET UP First-ever Open Heart Surgery in Rajasthan performed
1985	Rehabilitation aids and limb fitting center founded (RALFC)
1987	Gastroenterology department established
1988	Skin and S.T.D department setup.
1989	Cath lab installed
1991	Cardiac rehabilitation center setup
1993	Coronary Angioplasty and coronary bypass surgery started
1995	Nephrology and Dialysis unit started
1996	Day care center, Avedna Ashram started
2000	ISO 9001:2000 Certification obtained
2002	Start of beating heart surgery
	G.I. surgery department commissioned
2004	Pediatric ICU set up

2005	Medical CCU started
	Laminar flow theatre started
2006	HemlataDurlabhji conference hall commissioned
2009	Acquisition of NAT
2010	Ultra endoscopy machine facility started
	Mobile Medical Van facility started
	NABH Accreditation to SDMH Blood Bank
2011	RDMC (Dedicated Outpatient Facility) Inaugurated
	Executive Health Check – Up facility started
	Colormasters’ Ward for financially challenged, started
2012	HDU unit started
	Department of Neonatology formed
	VitreoRetinal Surgery started (Rajasthan’s first 25 G sutureless vitreous surgery)
	Urology O.T. started
2013	Walk-in-Dialysis services started at SDMH Clinic
	Eye O.T. Inaugurated

SCOPE OF SERVICES

CLINICAL SERVICES

- Cardiology
- Cardiothoracic Surgery
- Dentistry
- Dermatology
- Dietetics and Nutrition
- ENT
- Executive health check up
- Gastroenterology
- Gastro Intestinal Surgery
- General Medicine
- General Surgery
- Nephrology
- Neurology
- Neurosurgery
- Obstetrics and Gynaecology
- Ophthalmology
- Orthopaedics
- Paediatrics and Neonatology
- Paediatric surgery
- Paediatric Neurology
- Physiotherapy
- Plastic surgery
- Psychiatry
- Pulmonary Medicine (Chest & T.B)
- Rehabilitation
- Speech Therapy & Audiology
- Urology
- Vireo Retinal

24-Hour Services

- Emergency Services

- Ambulance Services
- Pharmacy Services
- Laboratory Services and Imaging Services for IPD
- Blood Bank

Diagnostic Services

- X-ray
- Ultra Sonography
- Mammography
- Bone Mineral Densitometry
- CT Scan
- MRI
- Endoscopy
- Cardiac Catheterization Laboratory
- Neuro Diagnostic Labs like EEG, EMG, EV
- Audiometry & Speech Therapy Testing
- Cardiac Test includes:
 - Electrocardiogram
 - Echocardiography
 - Trans oesophageal Echocardiography (TEE)
 - Holter Monitor
 - Stress Testing
- Pathology
- Including all pulmonary test e.g. Sleep Study Test

Utility services

- Dharamshala
- Avedna Ashram
- Union Bank and ATM facility
- SarvDharam Temple
- Utility Shops
- Book Shops
- Mobile Chargers
- Telephone Booth

- Post-office
- Cafeteria
- Salon
- Mortuary
- Diary

INTENSIVE CARE UNIT (ICU)

- Cardiac Medical-I
- Cardiac Medical – II
- Cardiac Surgical
- Medical ICU
- Neuro ICU
- Surgical ICU
- Paediatric ICU
- Neonatal ICU (IPU & PCU)

SERVICES NOT AVAILABLE

- Medico legal Cases (MLC)
- Burns Case when burns are >20%
- Organ Transplantation

OVERVIEW OF VARIOUS DEPARTMENTS IN HOSPITAL

OUT PATIENT DEPARTMENT

Outpatient department is defined as a part of the hospital with allotted physical facilities and medical and other staff in sufficient number with regularly scheduled hours, to provide care for patients who are not registered as in patient. The OPD facilities provide the main linkage of the hospital with the community.

Main purpose of OPD

Ambulatory medical care is provided to patient who are not confined to bed can be provided at a general practitioners clinic specialized clinic, a health centre or a hospital, which are part of a hospital such care is called outpatient care. This care is provided through the OPD'S for fabricating of good health to patients.

REGISTRATION

In order to avail the services offered at the hospital, the patient should be registered himself/herself at the main reception. The IPD registration is done round-the-clock and the form for the same is to be filled up and handed over at the counter itself. Please make sure that you provide accurate information in this form.

It is highly recommended to write your details as per legal documents to avoid inconvenience especially for medical reimbursement / LIC purpose. Please carry the OPD Registration card and patient file on every hospital visit. Your Unique Hospital Identification Number (UHID) is important to make sure that you receive timely services

OPD PROCESS FLOW -For New Patient:

For Old Patient:

Patient Comes at Reception with OPD Registration card (mention his/ her unique identification no.),
which he has got at 1st visit.

After take the OPD Card, Receptionist withdraws the file from the OPD shelf which are arrange
according to OPD No.

OPD Cards are given by patient/attendant to the Receptionist to take OPD file for consultation which
is kept in OPD record.

If Consultation date within 5 days, give file to the pati
without consultation charge for consult the consular

Consultation dates more than 5 days, consultation ch
receive by the receptionist and handover file to the
patient/attendant for consult the consultant.

Patient takes the consultation file and goes to the Consultant's OPD and gives the file to the Nursing
Staff.

Nursing Staff calls the patient with his/her name according to the submission of OPD file for
consultation as per priority for consult to the consultant.

When patients has been seen by consultant, OPD file is being send to the Reception at the end of the
OPD timing by Nursing Staff through the Ward boy.

Receptionist Collects the file and keeps it by serial no. in the File shelf which is behind the reception
area.

Process flow if investigation required:

Patient directed to concerned investigation counter.

Patient goes to the billing counter with required investigation slip/Consultant's prescription.

Required Investigation entered in hospital information system at the billing counter. Payment of investigation taken as per hospital policy

↓
After the billing is done, the patient is sent to the concerned investigation department.

↓
All Investigation reports are sent to the consultant's OPD.

↓
If patient needs admission, patient/attendant goes to the IPD counter for admission.

INSURANCE CLAIM

PROCESS FLOW (For TPA Insurance claim)

Patient Comes at Enquiry for Consultation.

↓
After consultation if there is a requirement of admission by Consultant, then the patient proceeds for admission

↓
After admission patient goes to the TPA for Cashless facility

↓
Insurance Issue Card checked by the department.

↓
Policy related manual check by department.

↓
Pre-authorization form filled by Consultant and department.

↓
All Medical record copy and document sent by TPA Cell to the insurance company for claim.

↓
Approval sends by insurance company for reimbursement to the hospital.

↓
After receiving the approval, cashless process pass given to the patient.

↓
Cheque is issued by insurance company to the hospital for clearance of all hospital's bills.

↓
Cheque is deposited in hospital's account for clearance of Hospital bills.

CORPORATE ADMISSION

- Corporate clients are required to submit their company's credit letter on the date of admission. In case of emergency admissions, the credit letter has to be submitted within 12 hrs of admission.
- A letter is issued which states that the patient is deemed as a cash patient and an initial deposit is to be deposited. The same would be refunded (at the time of discharge) against the submission of the company's credit letter.

- Patient opting for a room/bed category higher than their entitled category are required to pay the difference in charges arising thereafter. Charges for investigations, operation theatre charges, and the doctor's fees are subjected to change in accordance with the particular room category chosen.

CREDIT FACILITY

- Credit facility is offered only to the patient from Corporate & Insurance. TPA's having a tie up for patient covered under Medical Insurance, It is mandatory to get approval for cashless facility from TPA before patient gets admitted however if the patient gets admitted in emergency, then this approval for cashless facility must be produced before the discharge.
- In case there is a delay in authorization, patient authorization or denial of authorization from the insurance/TPA hospital cannot be held responsible & 100% of estimated cost or the difference cost to be deposited at the time of admission or before the surgery.

EXECUTIVE HEALTH CHECKUPS (EHC)

SDMH also provide preventive health care services in the form of executive health check-ups .It includes different health packages for different group of people on reasonable charges like:

Table 7: Security Timings

Shift	Timing	No. of Security guards
Morning	6 .00Am to 2.00Pm	18
Evening	2 .00Pm to 10.00Pm	10
Night	10.00Pm to 6.00Am	7

There are total 35 security guards in IPD building amongst which maximum of them are present during the morning shift because of maximum no. of visitors are in morning hours and minimum no is required during night time .

Every patient is provided single attendant pass during admission. Only for neurological cases or special recommendation by concerning consultant the extra attendant pass is provided to the patient

with extra payment of 100 Rs at admission counter in which 90Rs is refundable at the time of discharge.

Equipment List of ICU

- Multipara Monitor
- Defibrillator
- ECG Machine
- Syringe Pump
- IABP
- Blood Storage Cabinet
- Temp. Pacemaker
- Ventilator
- Bi PAP
- Patient Blanket
- Pulse Oxy meter

There are Specific equipment's that required in Neonatal and paediatric ICU as follows:

- Radiant Heat Warmer
- Digital Weighting Scale
- Nebulizer
- Infant Ventilator
- Incubator

10.17 Emergency

Department of Emergency is located at ground floor of IPD building. It caters 24*7 services. Patient coming at emergency required to deposit Rs.200 as file charge or registration charge at admission counter. From there patient get their unique identity no.

There are four beds in emergency normally 30-35 patients visit per day in this department. Frequently coming emergencies are fall injuries, Cardiac emergencies and poisonous intake etc.

There is minor OT in emergency department for suturing and other minor procedures. In minor OT there is an OT table, High Mask Light and Emergency Medicines are there.

List of Equipment in Emergency Department

- Crash cart
- Defibrillator
- ECG Machine
- Pulse Oxy meter
- Suction

10.18 Ambulance Services

There are total 8 ambulances in SDMH. Two of them are critical care ambulances amongst which one is fully equipped with lifesaving equipment's like ventilator, defibrillator, O₂ cylinder, and emergency medicine...etc. one of them are donated by State Bank of Bikaner & Jaipur.

10.19 Hospital Management Information System

The hospital has own management information system. It covers the following arena.

- Blood Bank management Information System
- IPD Management Information System
- Medical Record Management Information System
- OPD management Information System
- Operation Theatre Utilization information System
- Pay Roll information System
- Pharmacy Retail Chain Management Information System
- Ward Management Information System
- Lab information System

10.20 Central Sterilization Room

- It caters the services for Wards and ICU etc.
- Separate autoclave is present in OT's.
- Autoclave machine and ETO is present for sterilization.
- There is separate entry and exit door in CSR.

- Replacement system is been followed.
- Bow dick's test is done to check the sterilization.
- Human resources: total no of staff is four in which two are trained in sterilization procedures.
- The items are packed before coming to CSR to prevent mixing of items.
- Sterilized items were issued for ward at particular time in morning between 7.30Am to 7.45Am and in Evening between 2.30Pm to 3.00Pm.

10.21 Dietary Services

- Dietary services of hospital are on contract basis which is renewed every year. For IPD patients' contractor has payee by hospital on per plate basis.
- A dietician is appointed by hospital to prepare the diet schedule of every patient according their requirement. Dietician takes round on every morning and take note on the patient required diet.
- Diet charges are included in Bed/Room/Ward charges .Normally 5 meals are given to the patients in wards while in private rooms 7 meals are given to the patient.
- There are different diets for patients with Diabetes Mellitus, Hypertension, Renal disease or cardiac disease.
- Food trolleys temperature is kept at 50 degree Celsius.
- Weekly scheduling of diet is done by hospital appointed dietician as well as canteen own employed dietician. In absence of hospital dietician canteen employed dietician has to work.
- There is a separate arrangement of food preparation for patient which require more hygiene and for attendants.

10. OTHER SERVICES

11.1 AVEDNA ASHRAM

It is a charitable based hospice of 82 beds, where it provides a home for patients with terminal illness. It provides free shelter, food and care to terminally ill patients mainly suffering from cancer and pelagic patients of Rajasthan and neighbouring states.

11.2 ANANTH BHANDHARI DAY CARE CENTRE

It is located in the basement of Avedna Ashram. A single insulated room were dead body is kept in the room. At a time 3 dead bodies can be kept in the room.

- Last rites services according to written request of the patients.
- AC mortuary services.

11.4 STORES & PURCHASES

This department is primarily responsible for inviting quotations, negotiating, purchasing and issuing desirable medical /general, capital/consumables to various departments of hospital.

General managers (Sales and Purchase)

STORES

11.4.1 Process of procuring Capital Items for new items:

It includes both medical and general capital items-

Step 1- Order is received from respective department during the specific period i.e. beginning of calendar year.

Step 2- Quotations are being invited on the above requirement.

Step 3-All the quotation are shown to the head of the department as per there requirement.

Step 4- Items are purchased as per the head's direction.

Step 5- After the procurement items are send directly to the respective department.

Step 6- After the assurance of the item up to the mark, payment is being made by accounts departments.

Important points:

- List of new items to be procured is being made at the beginning of the financial year
- Purchase department can take decision regarding capital items of up to Rs. 20,000 only i.e. controller of stores.
- Further the capital purchase of more than Rs. 20,000 the decision is being taken by capital purchase committee.
- Advisor to secretary is head of this department.

11.4.2 Process for Replacement of capital items:

If a equipment is a replacements then,

Step 1- department fills the breakage form

Step 2- the form is been send to MS.

Step 3- MS further directs the BMW and engineer service department to check and verify the request.

Step 4- on the above approval the new equipment is been ordered in a planned mannered.

Important point

- Medical equipment's – bio medical workshop
- Other all equipment's- engineering service department

11.4.3 Process involved in obtaining and supplying consumables

Consumables are supplied to every department through indents. These indents are of two types monthly and supplementary. This is applicable for both medical and general consumables.

11.4.4 Monthly Indents

- Every department send their requirement in specific format i.e. monthly indent.
- The indents are being filled and send between 25th to last date of each month.
- On the basis of indents collected order of each department is being placed.
- The indents are been supplied to respective departments in first week of next month according to allotted dates.

11.4.5 Supplementary indents

In certain cases, if monthly indents fall short for any department then they send supplementary indent which includes the name and quantity of indent.

Important point:

- There is list of standard indent according to respective department per bed. The quantity always remains fixed only price varies. This indent helps in keeping a control check on the consumption of consumables per bed in each ward.

11.5 MEDICAL RECORD ROOM

The key functions of the department are:

- To keep the record of IPD patients and discharges from the hospital
- To maintain the IPD records of deaths
