MISION- Where every challenge is seen as an opportunity to make a meaningful impact on customers, for patients, for people. Discover a career with purpose and help create a healthier world.

INTRODUCTION ABOUT PROJECT

Swachh Bharat Mission - Ministry of Housing and Urban Affairs Government of India journey started in 2014 has helped India set and achieve new benchmarks of Swachhata. In this direction, the protocol for the Star Rating of **Garbage Free cities** was launched in January 2018 in order to institutionalize a mechanism for cities to achieve Garbage Free status and to motivate cities to achieve higher degrees of cleanliness. The starting tool builds on the aspirations of cities to progress towards higher standards of "Swachhata"

USEFULNESS OF INTERNSHIP.

Got the opportunity to look into the working of government and learn the mechanics of the system.

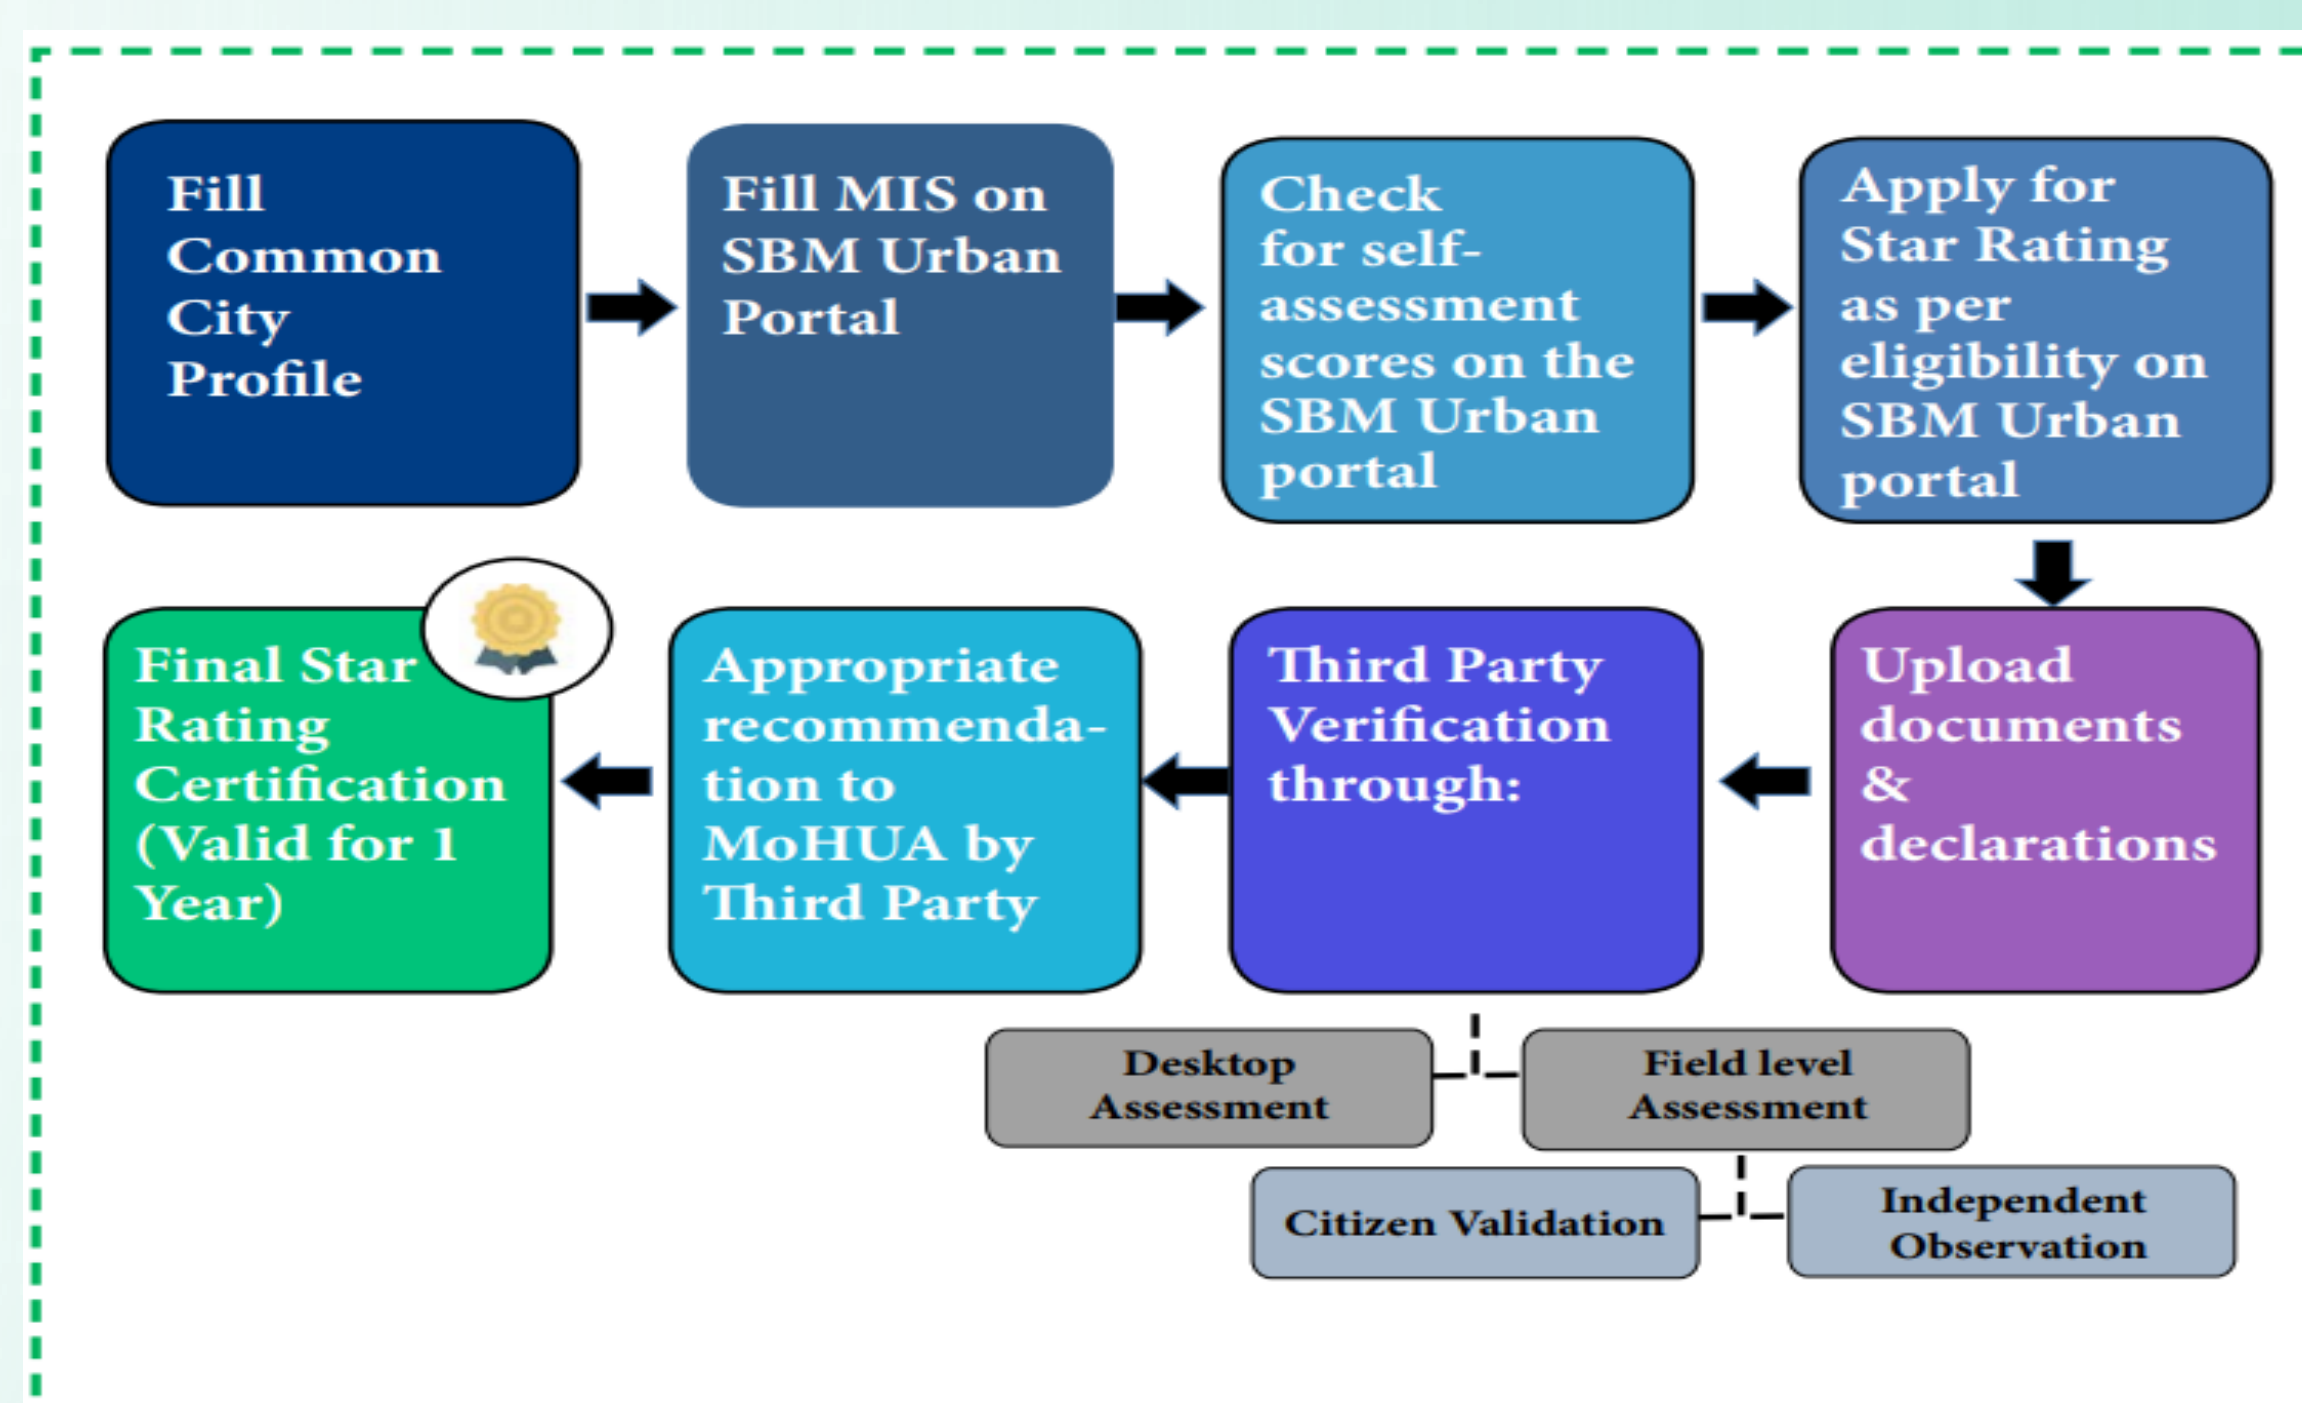

CHALLENGES-

- The problem in assessing so many cities in the same day.
- Documents of most of the states were in a different language which used to be very time-consuming.

PROCESS OF ASSESSING THE CITY IN TERMS OF STAR

Simplified calculation with minimum marks required for each Star Rating:

- 1 Star: 2,400 out of 5,200 Marks
- 3 Star: 3,600 out of 5,200 Marks
- 5 Star: 6,300 out of 7,500 Marks
- 7 Star: 7,500 out of 7,500 Marks

DATA OF UP CITIES 2021

ANALYSIS

From 2021 data there are **670 ULBs** in UP out of which **280 ULBs applied** for GFC level and **76 of ULBs passed Desktop assessment** and **204 failed Desktop assessment**. In-field assessment out of 76 passed in DA **10 passed in-field assessment** and **66 failed during a field assessment**. Data shows that most city fails during field assessment, and the city might not be able to fulfill the criteria of most of the components.

Star Rating Process Flow

SUGGESTIONS

The Government should take proper initiatives and if the government brings in proper laws, citizens will be forced to follow them.
