

Internship Experience

Name-Prince Chugh

Piramal Swasthya

Team- Knowledge Management Intern

INTRODUCTION

- ❖ **Piramal Swasthya is focused on bridging public healthcare gaps by supplementing and complementing Government of India's vision to meet Universal Health Coverage. Piramal Swasthya is one of the largest not-for-profit organizations in India – in the primary public healthcare space with a focus on Maternal Health, Child and Adolescent Health, Non-communicable Diseases.**
- ❖ **Piramal Swasthya is operational in 21 States in India through 35 innovative public healthcare delivery programs and has served more than 112 Million beneficiaries so far.**

ANAMAYA- MULTISTAKEHOLDER

- Anamaya, the Tribal Health Collaborative is a multi-stakeholder collaborative committed to end preventable deaths among tribal and other marginalised communities across India.
- Anamaya's work will focus on bringing better health and nutrition to tribal and marginalised communities. In a phased manner, we will be engaging with urgent community health and nutrition needs, and aim to foster multi-sectoral approaches.

Tribal Health
in India

 **anamaya**
