WORKFLOW ON IPD

MEDICAL EQUIPMENT AT PRECISE

ACCESS TO OPD SERVICES:

CKS HOSPITAL CARD (HH NUMBER)

All patients who visit the Free OPD for the first time for consultation/other services are issued a card. This card is known as the HH Card and is attached to the registration form and is issued to the patient at the time of registration. The HH number is present on the card.

The HH number and card being Important as with the help of it, Medical Record folders can be accessed. Patients are advised to always carry their HH card number whenever they are visiting the OPD for follow up visits or when admitted as inpatient.

PATIENT CARD - STAFF

All time full employees of the hospital and their dependent family members are entitled to free treatment, as one of the staff welfare measures. For this purpose, the employees are issued a patient card – STAFF.

EXTERNAL PATIENT TOKEN NUMBER

Outpatients visiting OPD for the first time, as referrals from external sources, and requiring only Investigations, are not issued a HH card. The system generates an EX-no. for that particular transaction only.

OPD APPOINTMENT

Appointments can be fixed over the telephone to the HTMT Call center (facility for patient appointments have been outsourced) or personally across the Reception counter. Fax and e-mail facilities are also available.

NON APPOINTMENT PATIENTS

In the normal course, consultants in the patients only by prior appointment. However, exceptions are made to this system in the interest of the patients, or Non-Appointment or Walk in patients are given appointment If a time slot is available. Patients who have come as Non appointments are normally seen by the consultants after all the other waiting patients with prior patients, are seen (except in emergency cases).

HEALTH CHECKUP

The Executive Health Check-up department, a part of OPD services is a wing of this Multispecialty Hospital dedicated to the diagnostic and preventive side of patient care. The executive Health Check-up department is a place where healthy patient come in for prognosis of disease or to know about the preventive and curative aspect of Conditions they may already have. This system facilitates the patient to get all the required investigations/consultations done without having to pay for either consultation and/or for each individual item of Pathological or Imaging Investigations. It is a center point where the potential customers come directly into contact with the hospital services. This department therefore can be a point to draw in patients to become in-patients or for them to come even for follow-up OPD consultations.
