INTRODUCTION:-

Regarded as one of the best healthcare providers, Seth Govind Das Victoria Hospital, Jabalpur (Madhya Pradesh). It has been providing a remarkable service ever since its inception. Equipped with advanced medical equipment and technologies, it has been constantly achieving milestones in the medical field. It is because of the untiring efforts of the dedicated stalwarts of this healthcare facility such as the doctors, nurses and the support staff that it has been able to grow and make new advancements ever day. The ultimate objective of this healthcare centre stands to be better patient care. The establishment enjoys a good connectivity with the rest of the city because of its prominent location.

VISION:-

To be the network of finest public healthcare institutions in the state of Madhya Pradesh, providing quality medical care services with the state of art technology with easy accessibility and equity to the people of Madhya Pradesh and beyond.

MISSION:-

To enhance the patient's quality of life by providing specialized medical treatment and preventive healthcare at free/affordable cost.

OBJECTIVE:-

- Quality healthcare to improve health infrastructure of state and meet the healthcare needs and expectation of common man of Madhya Pradesh at all levels of healthcare delivery system, as per national healthcare quality standards.
- To enhance the quality of healthcare services by providing specialized medical treatment and preventive healthcare at free/affordable cost.
- To develop a healthcare system based on total quality management principles and application of information technology to achieve efficiency in operations, faster and standard communication across the state using latest IT solution.
- To develop a pool of healthcare professionals in the public health sector trained in the implementation of health care quality standards and information technology to productivity and effectiveness in health care delivery system to the state.
- Accurate and standard health indicators measurement for evaluation and monitoring.

SERVICES OFFERED:

As the whole world grapples with coronavirus, Seth Govind Das Victoria Hospital, has come up to join the rest to fight the virus and eradicate it wholly. It has created additional facilities to accommodate the novel Coronavirus suspects. Isolation wards with adequate medical facilities have been formed so that there is no room for treatment delays in this time of emergency. Sufficient medical facilities are available for the patients who are tested positive. This establishment is fully prepared to create more isolation wards if needed. The doctors and medical staff are strictly abiding by the directions laid down by the Indian Council of Medical Research (ICMR) for diagnosing and treating the **COVID-19** patients. It's being touted as one of the best **Coronavirus testing centres in India** owing to its prompt service delivery. It has procured sufficient no: of N95 masks and other essential equipment. It has also taken stem measures so that no one other than the doctors and nurses can enter the isolation ward.
