Part C

(Maximum Marks: 30)

Answer the following in detail (15 mark each):

Q3. Gulnaz and her husband migrated from Bihar to Mumbai in search of a livelihood. Their desperate financial condition forced them to live an impoverished life where basic needs were hard to fulfill. Their hand to mouth situation left Gulnaz anemic and extremely feeble. As a result, her third child Nikhat was born under-weight. Soon, Gulnaz was pregnant with her fourth child. Reeling from the disastrous health consequences of her previous pregnancy, she was scared, but still, wanted to continue with the pregnancy.

- (a) What government schemes are available to manage low birth weight in children? (7.5)
- (b) What do you do/suggest supporting Gulnaz s pregnancy? (7.5)

Q4. (a) What are the essential features of the National Water Policy? Elaborate it section wise. (10)

- (b) What are waterborne diseases? Mention ways to prevent them. (5)
